

Inter Ice-Pump

FP compatible pump

DATA SHEET

Inter Ice-Pump delivers an enhanced version of the world's most popular ice cream pump for continuous freezers, the Hoyer-pump.

Inter Ice-Pump's version of the Hoyer-pump is completely identical to the original Hoyer-pump and is intended for use in connection with the world's best ice cream freezer, the Hoyer freezer. The overall quality of the pump is higher than the original, while the price is significantly lower. The pump is manufactured in four sizes and can produce from 100 to almost 3,000 liters per hour.
